**King Soopers Community Rewards Program**

We understand that youth sports are expensive and that it not always easy for parents to come up with the registration fees for their child to play. We are committed to keeping the registration costs down and starting a scholarship program so that we can assist those that still find the registration costs are outside of their budget so that every kid that wants to play can.

In order to continue to keep registration cost down and receive funds so that we can offer scholarships we have partnered with King Soopers Community Rewards. By you and your friends and family signing their King Soopers Card up to the Community Rewards Program the league will receive a small portion from King Soopers every time they swipe their Sooper Card. The funds we receive from this program will be split 50/50 between league costs and scholarships.

This is a great way to help out the organization and the kids in the program with little to no effort. We ask that you sign up today for this program and encourage others to do so as well.
